NMC 2025 Winter Series

The winter series is off to a great, if not COLD, start! The Bob Hersey Memorial 4-Mile Race was held before our annual meeting, and the Mr. Bean Memorial 3.4-Mile Race was last Sunday. If you missed them, not to worry - there are still plenty of races left in the winter series. Check out our [2025 Winter Series](#) schedule on our website.

Volunteer with NMC at the Boston Marathon

The BAA reached out to Rebecca to let her know that the Volunteer Group at the *Framingham Water Stop has been capped!* Thank you in advance for your support. Still looking to volunteer? [Sign-up online](#) BEFORE Friday, February 7th.

Wild Rover Series

The Wild Rover Race Series will once again be held starting the last Sunday in February on the 23rd. Three races of 3, 4, and 5 miles, held on three consecutive Sundays in Haverhill, Lawrence, and Dracut. The series is offering a club discount to runners who sign up for the entire series: \$18 off the series price of \$128. If you are interested in the discount code, please email George at georgemoe9@gmail.com. You can also message George on Facebook. Again, this code can only be used if you register for the **whole** series.

Run for NMC at USATF Races

The New England association of USATF offers a variety of races throughout the year. North Medford Club is registered as a member club, and runners who have paid their NMC and USATF-NE dues are able to represent North Medford Club at any of these events. USATF-NE has posted their [2025 Road Race Grand Prix](#) schedule, and their [2025 Mountain Running Circuit](#) schedule. We'd love to see more orange-and-black at these events! Contact Jeff at twentyquarters@comcast.net if you have any questions.
